Statement of the Azerbaijan National Platform of the Eastern Partnership Civil Society Forum

"On the terrorist attack in Brussels"

*To citizens of Belgium, representatives of civil society,
officials of the EU institutions and EU member states, the EU Delegation in Baku*

The Azerbaijan National Platform of the Eastern Partnership Civil Society Forum condemns the terrorist attack in Brussels. Rest in peace all those who died and we wish patience and fortitude to the relatives of the victims.

The committed terrorist acts in Europe's largest cities like Paris, Istanbul, Ankara and Brussels are crime against humanity, those who are implicated and involved in its implementation should be deservedly damned and punished.

Regardless of the arguments and addresses chosen for the terrorism it must be achieved for the organizers to respond before the law.

The capabilities and efforts of all the states should unite in the fight against terrorism, the real power should be put to eradicate terrorist networks, and the combat system on international level should be created.
